

How to Wine o'clock

Wine o'clocks are auctions, offered exclusively on the **www.bagherawines.auction** website.

These one-off and regular theme-based sales offer fine wines selected by our team of experts on our dedicated auction platform. The defining feature of these sales: the auction prices decrease gradually!

The first to click wins the lot!

Pre-register!

In order to be able to take part in the Wine o'clocks, you must pre-register before they take place. After your registration is validated (which takes a maximum of 12 hours), you have your personal login details, which will enable you to get involved with all the Baghera Wine o'clocks. These details will also give you access to your personal client account, so that you know your purchase amounts for each sale you participate in.

Make your bid!

At this stage, you can enter your bids at a set price if you cannot log in during the sale. These bids will be executed during the sale, on your behalf. In the event where 2 bids were left at the same price, priority will be given to whichever was received first.

Make your choice!

A few days before the date of the sale, the catalogue can be accessed on the website. Browse this online catalogue. For each lot, it shows you a definitive list, detailed descriptions of the wines and high-definition photos, too.

—4—

Get ready!

On the specific date and time of the Wine o'clock, lots are put up for sale. Each lot is announced with a high price and a low price.

Bids start at the high price, and fall progressively to the low price, in regular increments. These increments succeed each other, at the same frequency, and are displayed on your screen.

—7—

Click it!

The first user to click on "Buy" wins the auction. However, written bids placed and recorded by other bidders have precedence over live bids .

The countdown displayed at the top of the screen shows you the number of seconds before the next increment, falling to the lower price. A reminder of the current increment amount is shown just below.

Keep going!

The next lot is then offered under the same principle, until the last lot has been auctioned.

Congrats!

If you have won one or several lots during the sale (live or following absentee bid orders), you receive – once the sale has finished – an email summarising your purchases (information also available in your personal client account).

Thank you!

Baghera Wines will then contact you for invoicing and delivering your wines. Please note that a buyer's premium of 20% (exc. VAT) will be added to the final bid price for each lot you win during these Wine o'clock sales.

Happy clicking!
