collection, shipment and storage

STORAGE & COLLECTION

All lots featured in this sale are stored in Domaine François Gaunoux' cellars until the day after the auction. The wines will be made available from Monday, 24th of March 2025. Property will not be released until payment in full has been received and funds have been cleared. Authority for the release of lots to the Buyer will be a Release Order provided by Baghera/wines. Moreover, it is the policy of Baghera/wines to request proof of identity (the Buyer's, or that of the Buyer's authorised representative/shippers, in which case they will require an authorisation letter from the Buyer) on collection of a lot. If Buyers invoiced without French VAT for export fail to collect a Lot before May, 16th 2025, the Lot will be shipped and stored at the Buyer's expense at the Geneva FreePorts. The group shipping costs will be communicated to the Buyers at the time of shipment. Storage costs at the Geneva FreePorts are 10 CHF per case per month with added 0,04% insurance on the declared value. "Case" refers to the original packaging of the Lot of 1 to 12 bottles .

SHIPPING

Please contact directly Baghera/wines shipping department for any transport or insurance requests. A detailed shipping quote will be provided. Shipping will be at the Buyer's expense, and freight collect must be prepaid. Shipping by commercial means, particularly of older wines, can be risky and it is at the Buyer's risk. Baghera/wines will not refund any shipment charges under any circumstances. For any Buyers outside France, a transit document will be needed to ship the wines. Destination VAT, excise duty, clearance charges and other additional fees shall be borne by the Buyer and cannot be cancelled or refunded by Baghera/wines. For Buyers within France, excise duty and clearance charges will be charged. VAT is already included in Baghera/wines invoices. We strongly recommend using a professional wine carrier. Extreme temperatures (too hot or too cold) can damage fine wines. If the Buyer chooses to ship during extreme weather conditions, the Buyer assumes all responsibility for possible weather-related damage that may incur during that wine shipment (i.e. pushed-up corks, leakage, etc.) and the Buyer understands that Baghera/wines will not guarantee the condition of any wine transported during periods of extreme heat or extreme cold and will not replace any wine deemed to have incurred temperature related damage in transit.

Wine buyers from outside France should be aware of restrictions imposed by various jurisdictions regarding importation of alcoholic beverages. It is the buyer's responsibility to obtain any relevant export or import license.
